## **Oceano Airport Hosts Young Aviator Camp**

*New Specialty Camp Sponsored by the YMCA*

Oceano- For budding aviators, the Y has scheduled a new specialty camp this summer which offers a compelling introduction to the science, mathematics, engineering, and technology of aviation onsite at a working airport. The objective of this camp is to learn how airplanes fly, introduce pioneer aviators such as the Wright Brothers, understand the components of lift and drag, basic navigation, regulations of flying, and other airport protocol.

For youth entering 4<sup>th</sup> through 9<sup>th</sup> grade, this is an exciting opportunity to spend Monday through Friday, from 8:00 am to 4 pm, at the Oceano Airport for the ultimate aviation experience. There are two camps scheduled; June 13<sup>th</sup> to June 17<sup>th</sup> and June 20<sup>th</sup> to June 24<sup>th</sup>. Online registration is available at [www.sloymca.org](http://www.sloymca.org) or call Gilbert Almendarez at 543-8235 ext. 124 for more information. Class size is limited, so reserve your space now.
