

August 30, 2018

Dear Valued Y Member:

This notice is regarding the SLO facility remodel and important operational impacts. This information will also be on our website at sloymca.org and posted in the facility.

- **The driveway and parking lot will be closed for resurfacing on Saturday and Sunday, September 1st and 2nd.** During this time, members will continue to enter the building from the back entrance, and we will be unable to provide disabled parking spaces. If you require assistance to enter the building, we are happy to help you. Visit the Member Services desk or call (805) 543-8235 and we will make arrangements. Please use caution around the parking lot.
- **In observance of Labor Day, we will be closed Monday, September 3rd.**
- The lights in the racquetball court have been replaced and the chairlift is operational again. The saunas will reopen when the project is complete. Thank you for notifying us of issues around the facility so we can continually improve your experience!

Should the project go faster than anticipated, or it is determined that we can provide members with safe access to park in the the parking lot, we will notify you.

Our remodel is moving along and is still scheduled for completion this fall. I appreciate all the patience and flexibility that our members and staff have demonstrated during the construction.

Have you tried out MX4? This four-person, 30-minute class is **free for members** during construction! Sign up on [MindBody](#) or visit the member services desk.

Thank you for your Y membership!

Sincerely,

A handwritten signature in cursive script that reads 'Monica'.

Monica Grant, CEO
