

July 10, 2018

Dear Y Member:

This is another update on our SLO facility remodel and the anticipated operational impact, which is anticipated to be completed by mid-September. This information will also be on our website at sloymca.org and on the monitor in the lobby of our facility.

The following information is to the best of our knowledge and is subject to change.

Important Updates on Construction impact:

- Beginning **July 16th** the men's and women's saunas will need to be closed until the work in the lobby area construction is at a stage where the sauna alarms can be reactivated and monitored. This is a safety requirement to operate the saunas. We anticipate that the sauna closure may run through the remainder of the summer, but we will open them as soon as possible.
- Demolition work to the front sidewalks is scheduled to begin the week of **July 30th – first week of August**. During this phase the front entrance and most of the parking lot will not be accessible. All members and staff will need to enter the facility using the back door and scan their cards at a temporary membership service desk inside the rear hallway. Signage will be posted and staff will help direct members. We will keep four handicap parking spots accessible throughout the project.
- Men's lockers – some of the lockers in the men's locker room have been removed due to demolition. We did our best to notify our members affected, but if you had a rented locker that has been removed and have not been given a replacement locker, please speak with our membership staff.
- Coffee service may be interrupted at various stages of the remodel, or relocated temporarily.

Our Y is committed to providing our members a safe environment and opportunities to

pursue healthy physical activity that is accessible, affordable, and family-friendly.

We appreciate your understanding and patience during our remodel and want to support you and your pursuit of fitness. Therefore, we are offering you a **complimentarily personal training session**. We are also offering our MX4 small group training **FREE** to all facility members during the construction period. You can schedule either the personal training or MX4 class at the member service desk the next time you are at the Y or on the Mindbody app.

If you have questions, please contact April Lewallen, COO, at Alewallen@sloymca.org or call the Y: 805-543-8235.

Sincerely,

A handwritten signature in black ink that reads "Monica Grant". The signature is written in a cursive, flowing style.
